

RoboCamp @ RIT

We intend to provide a fun and educational experience for your student during his/her week of Robotics! Below are some instructions for the first day of camp. You have received this attached to an email that includes additional forms and schedules for your student's week at camp.

Instructions:

Please complete the **participation release agreement** and the **medical and health insurance** forms. Also, **review the expected behavior guidelines with disciplinary procedure** as well as the **lunch/snack schedule**. We provided a vegetarian option daily; for other dietary considerations the student must make their own provisions (we have access to a fridge).

The forms must be provided on the first day of camp. We will also have the forms available on the first day of camp. Your student may not participate in RoboCamp until the forms are filled out in their entirety.

Important Arrival and Departure Information:

For drop-off and pick-up, please park in **Lot J/F** (see attached campus map for directions). **RoboCamp is held in the James E. Gleason Hall (GLE, Building 09)**, please do not confuse this with the Kate Gleason Hall. **RoboCamp is held in Room 09-3200.** We will do our best to provide signs within the building to direct you to the appropriate room.

Drop-off Time: 8:30 AM – 9:30 AM

Pick-up Time: 4:00PM – 4:30PM

The Instructors will be at that location to welcome RoboCamp students/guardians each day.

Students will need to be signed-in and signed-out daily with the instructors.

Please arrive promptly. If it is necessary for you to be late, please call (PROVIDED BY EMAIL - Coordinator's cell) to make special arrangements. Also, call this number by 09:00 AM to report absences. You may also email inforobocamp@rit.edu in advance if absence or lateness is required.

Students will need to be met by a parent, legal guardian or the individual designated on the forms. Written arrangements for early departure need to be approved by the RoboCamp Instructor/Coordinator – inforobocamp@rit.edu

Please find the provided checklist as assistance to the first day of camp.

For all Questions or Concerns?

Please contact the Coordinator at inforobocamp@rit.edu

Only use cell for reasons listed above
